2024 RTÉ Toy Show Appeal grants

Inspired by children, the RTÉ Toy Show Appeal works to bring the magic of the Late Late Toy Show to every child in Ireland. It achieves this by funding essential support, health, wellbeing, play and creativity; these grants will change children's lives for good.

Thanks to the continued generosity of the Irish public and viewers of the Toy Show, the RTÉ Toy Show Appeal 2023 raised over €3,600,000 which will now be distributed across 122 grants. More than 1.1 million children, young people and their families in every county on the Island of Ireland will be impacted by this funding.

Grants are being provided under three main areas of support:

Addressing Essential Needs assist those children in every county who face the greatest challenges.

Projects include: family support for children across Ireland at risk of food poverty, therapy and counselling for children and young people facing homelessness (Dublin), and specialist legal support for children in the care system. €650,000 has been dedicated to ensuring children are fed, warm, safe and have brilliant opportunities ahead of them.

Health and Wellbeing focuses on supporting children living with disabilities and life limiting conditions. In total, over €1.5M is being awarded this year to provide health, disability supports, mental wellbeing and therapy services. Grants include supports for children with cancer diagnosis in Cavan, palliative care supports for children in Munster and supporting those with ADHD in Belfast.

Creativity and Play will ensure the lives of marginalised and disadvantaged children are full of colour, creativity and fun. Grants include: Providing access to recreational activities including surfing in Donegal & Galway, developing a neurodiversity sensory centre in Leinster, and a youth theatre for children with disabilities all across Ireland.

This year, the RTÉ Toy Show Appeal, in partnership with Community Foundation Ireland, will provide five (5) Transformative Grants to charities that support children with disabilities, Travellers and those facing poverty and sexual abuse. These strategic and impact proposals will ensure that vulnerable children are protected, supported and allowed to reach their full potential.

RTÉ Toy Show Appeal

Founded in 2020, the RTÉ Toy Show Appeal has raised over €21M for children's charities to date. Each year it is estimated that the Appeal helps more than 1.1million children and family members.

Community Foundation Ireland

Community Foundation Ireland, its donors and supporters are on a mission to ensure Equality for All in Thriving Communities. Since the year 2000 the Foundation has been a philanthropic hub working with 5,000 voluntary, community and charitable partners. It has been the charity partner of the Toy Show appeal since its establishment in 2020.
